

**REMARKS**

This supplementary amendment is presented in further response to the Office Action dated August 11, 2010, in which claims 1-3, 5-21 were pending. In accordance with proper restriction practice, claims 11-21 are cancelled as drawn to a non-elected invention.

New claims 22-32 are presented for the Examiner's further consideration. The Examiner will note that such claims recite "a search result," and further recite "processing" procedures therefor. Thus, the Examiner will appreciate that new claims 22-32 are not a separate and distinct invention from claims 1-10, and therefore a further restriction requirement should not be necessary.

The Examiner will also note that claim 1 has been amended to further clarify the scope of the invention.

This application now stands in allowable form and reconsideration and allowance is respectfully requested.

It is believed that no additional fees are due in connection with this filing. However, the Commissioner is authorized to charge any additional fees, including extension fees or other relief which may be required, or credit any overpayment and notify us of same, to Deposit Account No. 04-1420.

Respectfully submitted,
